

Team MK Race Squad Report 2019

The men's Road Race Squad have had a bit of a quiet year in 2019 with a few of its team not being able to race much due to injuries or personal reasons. Some of the team have had a long season though with races racking up early and even into October and November.

Our stand out Team MK rider for 2019 was from our longest and oldest RR member Aleck (Rhino) Hornshaw, who racked up wins and so many top 10s in British Cycling, LVRC and Masters races seeing Alec take his 2 Cat in probably his strongest ever season.

Matt Baker has made a solid addition to the team taking a win and some top 10s, along with Paul Rendle, Kieron Lewis, Hugo Govett, Steve Wootton, Lloyd Molton, Lewis Muncaster and Team Captain Richard Wiggins.

Lewis Muncaster giving it his all!

Kieron had another unlucky year with another collarbone break but didn't write the season off, and came back to take part in a few late season races, chapeau!

The team are looking forward to hopefully a more cohesive and injury free 2020 season!
