

Ladies Road Race Team

Having been more structured as a squad in previous years, this year has seen the squad be more a group of individuals racing. And whilst we were a more disparate group this year, the squad has been very active racking up attendance at many races, predominantly BC crit races but not solely.

The season highlights include^[1]_{SEP}

- Chloe starting to road race this season and finishing her first season with her Cat. 2 licence
- Denise and Debbie qualifying for the Gran Fondo World Championships
- Linda coming 2nd in the Region 7 Tues night series as well as finishing as first lady in several of the LVRC road races.
- Without blowing my own trumpet (too much), me getting my Cat. 3 licence.

These are just a few!

However, this marks the end of my tenure as ladies road captain and I want to thank the squad and everyone in the club to those who have supported me in my role and the squad. The ladies team will continue to evolve as it is shaped by those who race and wish to be actively involved in a team. Ideas for the future of the ladies road racing squad will be welcomed for discussion of the AGM.
